ENERGY DRINK

**BEEBAD®**

**bad is better**

**AN ENERGY DRINK FOR THE 21st CENTURY**

### **WHAT IS BEEBAD?**

BeeBad is an energy drink powered by honey and some of the best ingredients on earth. It packs great taste and huge vitality in a 250 ml can.

### **HOW IS BEEBAD DIFFERENT?**

Let's face it, most energy drinks don't taste very good. They may give you the desired boost, but they have an after taste that most people don't like. BeeBad not only has a delicious, refreshing taste, it is also powered by wholesome ingredients known for their healthful effect on the body and mind, including:

**USDA Grade A honey**, the most natural and best energy provider.

**Royal Jelly**, a nourishing, energy-boosting bee extract believed to boost the immune system and fight the effects of aging.

**Propolis**, another bee product known for its natural anti-oxidant and immune-boosting qualities.

**Maca**, a Peruvian plant extract prized for centuries for its therapeutic and stamina promoting qualities.

**Ginseng**, known for its revitalizing effect and ability to improve concentration and focus.

### **WHY IS BEEBAD BETTER?**

Many of the leading energy drinks on the market today utilize artificial ingredients and are sweetened by refined sugar, providing a brief energy rush from a bunch of chemicals that are not always healthy for you.

BeeBad's energy mainly comes from bees - a magical elixir powered by honey and nature that not only packs big energy, but is long-lasting and healthier.
